MEDICAL SUPPLY cc

# COMPANY PROFILE

**"YOUR REFERED MEDICAL SUPPLIER"**

# WHO WE ARE

## ABOUT US OUR VISION

Our Company is a medical supplies, distribution and service orientated company that has its head office situated in Windhoek, Namibia. We supply medical equipment and solutions to the private and public sectors in Namibia through our dedicated sales force and appointed agents.

The market leader and preferred provider of medical devices, equipment and instrumentation

### VISION - MISSION AND VALUES

## OUR MISSION

To offer our portfolio of reputable brands to our clients, doctors and hospitals with committed professional service and quality products through maintaining high business ethics and focusing on our customer's needs.

## CORE VALUES

**SKYWAYS MEDICAL SUPPLIES CC is guided by the following core values and principles:**

- Customer satisfaction and On-time delivery
- Accountability
- Honesty and Integrity;
- Superior customer services and commitment to society
- Professionalism
- Sound and good corporate governance
- Confidentiality

# WHAT IS THE SKYWAYS MEDICAL SUPPLIES CC DIFFERENCE?

As part of our social responsibilities, we focus on development programs in rural areas, through assisting in school learning & teaching aids, in terms of computers, stationeries and other learning-aids.

We create socio-economic growth by investment in local economies and develop people talents, both internally (in the company hierarchy) and in rural areas, through educational initiatives.

Our company is firmly committed to the policies of Corporate Governance and adheres to strict business ethics that foster integrity, respect, honesty, openness and transparency in our daily business activities with our stakeholders.

***We strive to deliver only the highest quality equipment and services to our customers which will ensure a high return on investment for our customers.***

## CLIENTS

The company's client base is vast and includes polyclinics, medical centres and well-known hospitals both private and government such as (MOH) Ministry of Health.

## PRODUCTS

**We offer a vast line of products to include, but not limited to:**

- Medical disposables
- Medical equipment
- Pharmaceuticals
- Laboratory equipment/reagents
- Biomedical equipment
- Rehabilitative aids
- Nursing and hygiene products
- Healthcare furnishings

## DISTRIBUTION NETWORK

With offices and warehouses designed for wide-ranging storing conditions throughout the country, we are able to better serve our clients by dispatching goods by way of our fleet of vehicles. In case of urgent requests, we use the best courier services available.

# FUTURE PLANS

We are working to expand our team by adding more qualified professionals in order to strengthen our potential of meeting growing requests and challenges.

In an attempt to further diversify our services, we are in the process of restructuring our company and adding new departments such as healthcare IT, research and development, tender and training and development. To lend further to our plans for expansion, we are negotiating with business groups for collaboration which, if actualized, will boost the company's energy, accelerate its velocity, enrich its professional culture and enhance its ability to better serve its valued customers.
